IYKA

IYKA'S EDTECH SOLUTIONS FOR K-12 DISTRICTS

Transforming Learning and Operations for a Healthier, Safer, and More Connected School Environment

The challenges for K-12 edu

1 SCREEN TIME AND MENTAL HEALTH IMPACTS

2 DATA PRIVACY AND SECURITY RISKS

3 SOCIAL ISOLATION AND DECREASED SOCIAL SKILLS

Iyka understands these and other challenges. We are here to help K-12 districts tackle them head-on with cutting-edge EdTech solutions.

OUR EDTECH BENEFITS

Enhances learning engagement

Supports educators and staff

Optimizes school operations

OUR MISSION:

Iyka's EdTech helps K-12 districts maintain the highest standards of teaching, learning, and administration.

IYKA'S NEXT-GENERATION TECHNOLOGY SOLUTIONS:

Iyka's EdTech product offerings are supported by Generative AI, Traditional AI, Data Analytics, and IT Staffing that enhances educational outcomes and improves operational efficiency.

SPECIALIZED EDTECH TOOLS & PLATFORMS

Provide efficiency, speed, and accuracy across K-12 operations.

SOME OF OUR EDTECH OFFERINGS:

All of our software platforms are AI-based offerings for enterprise-wide services.

Learning Management System (LMS)

We provide customizable LMS, LearnLoom, to suit the needs of any type of teaching-learning objectives.

HR and Recruiting Platform

Our platform, Lamarr, reduces time to hire by 80% and expenditure by 50%. We guarantee great outcomes and remove additional moving parts from your side.

Enterprise Direct Data Analytics

Our direct data mapping platform, Incorta, provides access to users without any data manipulation. This cost-effective enterprise-wide platform installs in weeks instead of months.

IT Staff Augmentation

Our software tools, tested processes, and dedicated team take care of your short-term or long-term IT staff augmentation needs.
